The Manager of the Wakefield Municipal Press has perhaps to settle the matter with the Town Council & if necessary to seek the help of a Lawyer or even a County Court Judge in applying the ~~proper~~ test

On the merits of the case, it may be stated that ~~the~~ binding cloth is not excluded from the term 'cloth' used in the byelaws as in the case of "making clothing, drapery & haberdashery". The Manager thinks that only such cloths as are used for the making of clothing for men & women ~~are~~ the term & may not include cloth for any other. This is a doubtful point. As the byelaws stand at present he has perhaps to pay duty ~~for~~ on book binding cloths also

GENERAL & REVENUE BRANCH

Sir,

I have the honour to submit herewith copies of correspondence with the President of the Mysore City Municipality re the matter of Octroi I am not at all satisfied that their rendering of the law is correct on the point at issue, and I shall be glad if the Government, through their legal adviser, will give a ruling on the point

Two months ago for the first time Bookbinders Cloth was construed by the Official in charge of Octroi collection at the Mysore Railway Station to be chargeable under the heading of "Piece Goods and other Textile Fabrics, such as cloth, not including made-up clothing, drapery and haberdashery "(Mysore Municipal Regulation)

My knowledge of my native tongue leads me to read this regulation to mean that all cloth in the piece used for the making of clothing for men and women and also drapery and haberdashery, are the materials and the only materials included in this regulation I cannot see that the Octroi Department have any right at all to claim that we should pay this fee upon Bookbinders' Cloth

I have been the Manager of this Press for almost Twenty Years and Bookbinders Cloth has never in that length of time had any Octroi charges made upon it. It has passed through the Octroi without any question at all

It is difficult for a Printing Press to meet expenses in an inland State like Mysore in any case, when it is necessary to compete with towns situated so advantageously as Madras, Bangalore etc. To have this new tax imposed would be an additional handicap Furthermore the amount of Binding Cloth brought into Mysore City in the course of a year is not of great importance as a source of possible income to the Municipality and never can be But it may cripple an industry which we are carefully fostering

Sir,

I have the honour to acknowledge the receipt of your letter No 1958 of 22/23rd instant and in reply thereto beg to state

(1) The article upon which it is proposed to levy octroi repreeents raw material for printers' use Our business which is of a competitive character lies mainly with the Madras Presidercy and the North of India Already we are seriously handicapped by the heavy transit charges which have to be met both inwards and outwards Notwithstanding this we have been able hitherto to import Binding Cloth from England, bring it upto Mysore, where it is worked up into book covers and then despatch finish goods to Madras But you will quite see that if a tax is levied upon binding cloth the material will not come into Mysore City at all because people will not send their orders for the work They will be able to get it done cheaper elsewhere Such a tax would do us infinite injury and we cannot see that it would benefit the finances of the City. Moreover, if our binding work decreases we shall have to discharge men from the binding staff You will thus realise that the levying of an octroi upon the raw material would prejudice considerably an industry which is being steadily developed

(2) I shall be glad of you will supply me with a copy of the Octroi Bye-laws containg a list of the articles upon which octroi is leviable

Dear Sir,

Re your letter dated the 11th instant on the matter of Octroi Duty leviable on Bookbinders' Cloth (Ref No 21-5) I have complied with your letter and sent the necessary fee for a copy of the Municipal Regulations and Bye-laws, but can find no mention of Bookbinders' Cloth as a dutiable article

I find in page 181, para 5, that I am entitled to receive from you without any charge a copy of the table showing the octroi leviable on articles upon upon application for the same As this would be of great help to me I shall be glad if you will send me a copy of this, which will surely give the information I need

I may say that I have been Manager of this Press for close on 20 years, and until now we have never been asked to pay octroi on Bookbinders' Cloth, and if now this material is going to be calssed as piece goods I shall make appeal to the Government and get thier ruling on the matter

I am directed to forward herewith for favour of necessary action copy of letter dated 1st June 1925 from the Manager, Wesleyan Mission Press, Mysore City, in regard to the levy of Octroi duty on Book Binders Cloth by the Mysore City Municipal Council and to observe that in view of the fact that the Manager may be presumed to know the correct connotation of English words used in his trade and that the book binders cloth has not been taxed with duty for 20 years, the Municipal Council may be well advised in now levying the duty without modifying the rules. I am to request that the need for modification may be considered after ascertaining the probable income from this duty and the possibility of the trade dying in case a duty is imposed.

A report of the action taken in the matter may kindly be forwarded for the information of the Govt.
